Somaiya Vidyavihar University

With over six decades of experience in building and managing educational institutes of great repute, Somaiya Vidyavihar has become a Private University. We are delighted to have given Mumbai it's first new-age university of global stature. As part of this accomplishment, we are now offering our students, programmes with the flexibility to simultaneously earn degrees and certifications in multiple disciplines offered by our constituent colleges.

Somaiya Vidyavihar University is located in the heart of Mumbai and boasts of a sprawling green campus. The university is equipped with excellent educational, recreational, community, health, and sports facilities such as full-sized football ground, an athletic track, volleyball and tennis courts, gymnasiums, squash courts, a yoga room, a medical centre and an open-air Amphitheatre.

The curriculum, designed by distinguished names from academia and industry, ensures that every graduate from Somaiya Vidyavihar University is a future-ready and multi-faceted professional with much to offer to the world. We have a dream to build and support a world-class institution, one that is proudly Indian, and excels in Education, Research and Service.

Prof.(Dr) Monica Khanna
Director

Director Speaks

Catch the New Wave

"The place between your comfort zone and your dream is where life takes place."
– Hellen Keller

Industry 4.0 and beyond

While every debate has centred on preparing for Industry 4.0, the stealth onslaught of the COVID 19 global pandemic from mid-March 2020 turned every strategy into the realm of history. The unheard concept of social distancing and work from home became the new normal, bringing technology even more into the forefront of conducting business and creating new opportunities for growth. At the same time, industries possibly thought of being insulated from recession or disruption had to face the brunt of the pandemic with losses in revenues, jobs and even closure.

In such a disruptive environment, the ones who would survive are those that can handle adversity, display adaptability, envision alternative plans of actions and accelerate the pace of adoption of new normal into mainstream activities.

Role of management education

The industry and society is at the cross roads of technology and humanism – developing empathetic collective leadership abilities in a highly competitive world will play a key role in the future.

This once again brings into focus the role of management education and its ability to produce employable graduates. The industry now wants human resources beyond their knowledge and skill sets. They are looking for graduates with various personality traits and especially the ability to handle adversities and have high resilience quotient.

At K J Somaiya Institute of Management, we have consciously focussed on developing experiential learning platforms for our students so that they can apply their classroom knowledge into the real world situations. At the same time the institute is committed on improving pedagogical processes to close the gap between classroom teachings and industry expectations. Our continuous investment in upgrading our technology based teaching aids through installing the Bloomberg Lab, Media Analytics Lab, Simulations, use of Harvard Cases Studies etc. helps in better productivity of the teacher and the taught.

A complete module on holistic self-management which includes anger and emotion management, handling failures, sleep management, diet and nutrition along with emphasis on sports (there is world class athletic track and sports facilities including squash and indoor / outdoor gym on campus) builds all round development of the management graduates.

As a leading business management school in India (No. 2 Private b school as per Times B-School Survey 2020 and NIRF 2020 Rank 56) located in a beautiful 50 acre lush green campus in the heart of Mumbai in India, the Institute is fully prepared to develop graduates for industry requirements. The commitment and collaboration among our faculty, staff, students and alumni is a testimony to the outcomes of our journey of excellence.

The objective is to prepare professional managers ready to Catch the New Wave.

I invite you to our campus to hire talent that will add to the productivity and prestige of your organization and I look forward to our valued partnership.

Best wishes,

Prof. (Dr.) Monica Khanna
Director

The Institute

K J Somaiya Institute of Management was established in 1981 as a part of Somaiya Vidyavihar with the objective of providing state of the art education in management and allied areas. The Institute is consistently ranked among top 20 Management Institutes and top 10 private sector B-schools in India.

MCA @ K J Somaiya Institute of Management is affiliated to University of Mumbai (with autonomy) and recognized by AICTE. The first batch of MCA (2006-2009) graduated in the year 2009. The 2018-2021 Batch is the Thirteenth batch to pass out of K J Somaiya Institute of Management.

Programmes commencing in academic year 2020-21 and thereafter will be full-time MCA and full-time/part-time MBA programmes under the Somaiya Vidyavihar University.

The Institute offers full time, three-year Masters in Computer Applications (MCA) and two years PGDM and MMS programmes. All the programmes are approved by All India Council of Technical Education, Ministry of HRD, Govt. of India, New Delhi and the MCA and MMS programmes are affiliated to University of Mumbai. Apart from the regular programmes, the Institute offers customized and subject / industry specific certificate and executive development programmes for government bodies, companies, defense personnel and NGO's.

Why K J Somaiya Institute of Management

Holistic Development

In a highly volatile and challenging marketplace, we believe it is a strength of character and positive attitude that make a world class business leader and that is what we inculcate in our students through our pedagogy. Our emphasis on discipline, ethics and holistic development through multifarious activities such as corporate panel discussion, concurrent projects, guest lectures, sports, yoga, Buddhists learning, cultural activities, etc. ensures that our students are better equipped to tackle the challenges of the industry head-on.

Our Philosophy Is Our Biggest Strength

K J Somaiya Institute of Management is a not-for-profit organization with the philosophy of giving back to society what you receive from it, multi-fold. That is why the students selected are of better talent and are nurtured here with the sole objective of making them world class business leaders.

Industry Readiness

Our programmes and curricula have been specially designed to suit specific industry requirements so our students are better equipped and industry ready when they leave the institute.

The Infrastructure

Institute Building

The Institute is housed in two adjacent spacious, well-furnished and air conditioned buildings of around 2,00,000 sq. feet surrounded by lush green gardens and trees. The entire infrastructure has been created to develop a truly academic ambience.

Library

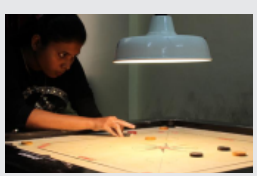
The fully computerized **library has more than 97,000 books**, Harvard Case Subscription, 20+ online databases, 9 Bloomberg Terminals, 150 Indian and Internationals periodicals, CDs, and Video films. The library is housed in an area of 7,000 sq. feet, the library offers access to various online databases like Ebsco, Proquest, Emerald, Web of Science, Warc, CMIE, Taylor & Francis, Euromonitor, etc. which provide online access to reputed national and international journals, research papers, articles, dissertations, and financial data.

Sports facilities

The campus offers a variety of sports facilities. Students can engage in all kinds of sports which enable recreation, rejuvenation and stress busting, all purposes being served well on campus.

These state-of-the-art facilities are well maintained and can also be put in use by students who wish to pursue sports as their career. In addition to this, professional coaching and training is also available.

- Running Track • Live Chess Court • Football Ground • Cricket Ground
- Badminton Court • Basketball Court • Volleyball Court • Tennis Court
- Squash Court • Indoor sports facilities



Hostel/Accommodation

The Institute offers on-campus separate hostel facilities namely, MAITREYI and SANDIPANI for boys and girls of all the Programmes. The hostel offers 1000+ beds for students and 24 faculty / staff residences.

The hostel has facilities like 24x7 internet facility, Laundromat, student mess, activity room and a well-equipped gym.

The Girls' Hostel MAITREYI was inaugurated by Honourable Former Chief Minister of Maharashtra, Shri Devendra Fadnavis.

Medical facilities

Students requiring medical attention can consult the in-house doctor free of charge. Students can also avail the facilities available 24 x 7 in K J Somaiya Medical College and Research Center situated near to the campus. An ambulance stationed in the institute campus throughout the year which can be utilised in case of any emergency.

Other facilities

Students have the option of learning additional courses like yoga and several foreign and oriental languages including Mandarin, Spanish, Italian, German, French, Japanese, Sanskrit and Pali. Several spiritual sessions are also conducted at the campus for the benefit of the students and faculty.

The institute houses state of art auditoriums (Nalanda & Takshashila) and an Amphitheatre for various activities, conferences and events.

The students can also utilize in-campus amenities like open air gym, night mess, ATM, stationary store, etc. which helps the students to have all the facilities within the institute premises.

Cafeteria

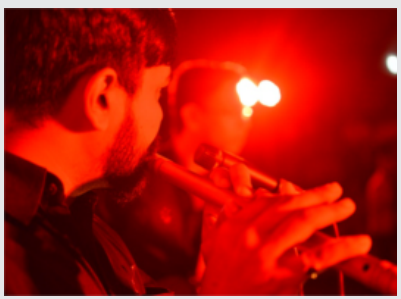
The canteen in the administrative block is of around 2,250 sq feet is located on the ground floor of the Institute building. It is very well ventilated and has a seating arrangement of more than 100 students at a time. This is complimented by a open air seating arrangement with lots of greenery, that makes it a great place where students can get together to discuss their assignments and projects over cups of tea / coffee and tasty food bites.

The institute also have a mess located in the hostel building which serves tasty and healthy breakfasts, lunch & dinner to the students & staff.

Computer Labs

The Computer Center is one of the best equipped IT centers geared to aid the learning process.

Software package like SPSS, SAP-ERP, Rational Rose enable in conducting data analysis for business and marketing research activities, analysis of case studies, preparation of summer training projects and concurrent projects.



Life at
K J Somaiya Institute of Management

The proactive student bodies at K J Somaiya Institute of Management conducts numerous activities under the aegis of in-house committees in association with many industrial players.
Some of the important events conducted by student clubs and forums are:

ICON – Annual festival showcasing IT and other extracurricular skills of MCA students.

SICTIM - Somaiya International Conference on Technology and Information Management.

Spriha – The Summer Internship Project Competition.

Melange – The Annual Inter Collegiate Festival of K J Somaiya Institute of Management.

Nostalgia – The Annual Home coming event for all K J Somaiya Institute of Management alumni.

Samavesh – Sharing of knowledge and experiences of practitioners.

FCB ULKA COMSTRAT – Inter institute communication strategy live case study competition.

Human Equation – HR event encouraging professionals to discuss issues regarding challenges in HR.

Stratinova – Case study, video making and Print Ad competition.

Elan-E-Yudh – Inter B-School Sports competition.

Navikaran – The Marketing festival at K J Somaiya Institute of Management.

Global Conferences and Workshops – These comprises of Research seminars, workshops, competition and industry interaction.

Investrix – The Finance festival at K J Somaiya Institute of Management.

Enactus – Social and Innovation driven Entrepreneurial cell.

Pangea – Annual International Business Conference.

Commercio – Annual Inter B-School competition.

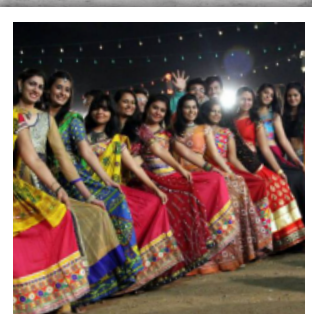
NRS – National Retail Summit.

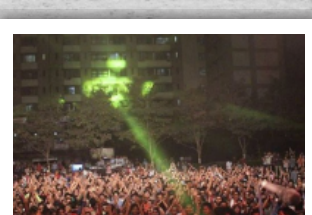
Metamorph – Annual festival of MMM/ MHRDM/ MFM/ MIM students.

Quantinuum – Quantitative & Analytics club of K J Somaiya Institute of Management.

E-Week – Annual event collaborating with National Entrepreneurship Network inculcating in students the values of Entrepreneurship.

BEYOND ACADS





MCA @
K J Somaiya Institute of Management

Master of Computer Applications (MCA) is a University of Mumbai programme recognized by AICTE. The institute has been training future Information Technology professionals, since 2006. It has produced several merit rank holders at University and has been granted Autonomous status, since 2013. This three-years, six semester programme includes courses from technology, applications and techno-management areas that are in-line with the industry requirements. The MCA programme is facilitated by the Department of Data Science and Technology (formerly known as Department of Information Technology) of the Institute. This helps the programme keep pace with the current trends in the industry. The institute has organized several workshops and hackathon for the students to enhance their coding and other IT/business related skills. Apart from core course, students are provided with value-added courses and are encouraged to opt for on-line certificate courses offered through NPTEL. The institute organizes three flagship events with the help of MCA students namely ICON, Round Table Conference in IT and SICTIM (Somaiya International Conference on Technology and Information Management). The conference helps the students present their research papers which is one of components for completion of their degree requirement. Over the years the Institute has produced several Alumni who currently occupy senior positions in IT and allied industries in India and abroad.

The Programme aims at the following objectives

- Conceptual and analytical skill-building, leading to better understanding of the business environment.
- Provide knowledge to students to design a system which can meet the constraints of security, applicability and compatibility.
- Sustained and repeated interaction with the Industry to understand the latest trends and developments in the IT sector.
- Motivate students to come up with the innovative solutions for solving the complex problems for betterment of the society.

K J Somaiya Institute of Management conducts many events organized by different Companies as part of the placement process. Some of the events include Quiz Contest conducted by General Mills, Kakushin by Nomura, etc.

Kakushin by Nomura Holdings Inc.:

Kakushin is an annual hackathon conducted by Nomura India for past two years (2018 and 2019). It is conducted during the placement season when the company sends invites to top colleges where any IT student can register and apply. It is a multiple round hackathon where the planning, management, technical, communication skills of students are tested as to how to tackle the real life problem with help of technology.

Students from MCA have won and been in top 3 ranks for both the years. It provides an opportunity to the students to learn and apply innovative and technical skills and hence gain internship and PPO's from the company.

Campus Connect By General Mills Inc.:

The Quiz Contest was part of the Campus Connect programme by General Mills. More than 200 students participated for the Quiz Contest from across 5 different institutes. It was a one day event. 5 Teams were selected for the final round.

Hackathon

(Two Days Hackathon at K J Somaiya Institute of Management)

CSI Student Chapter at the Institute, along with SAP Next Gen Lab organized a HACKATHON on Machine Learning.

The purpose of this hackathon was to provide specialized information on Machine Learning using SAP to students.

Seminar on Block Chain Technology

IEEE Student Branch at the Institute organized a seminar on Block chain Technology on 29Th January, 2019 at K J Somaiya Institute of Management. The Keynote speaker for the event was Mr. Prasuna Lohar, Head Innovations and Architecture at DCB Bank.

This was a second session organized by IEEE-SB and Department of Data Science and Technology under the Theme of 'Skill and Knowledge Enhancement Programme'.

Course Curriculum (2018-2021)

Semester I (2018-2021)

Sr. No.	Course Name
1	Mathematical and Statistical Foundation in Computer science
2	Core JAVA
3	Programming and Object Oriented concepts using C++
4	Web Technology
5	Computer Networks
6	Core JAVA Lab
7	Web Technology Lab
8	Computer Networks Lab
9	Communication and Soft Skills

Semester II

Sr. No.	Course Name
1	Operation Research
2	Advance Java
3	Data Structures
4	Database Management System
5	Operating System
6	Mobile Computing
7	Advance Java Lab
8	Data Structures Lab
9	Database Management System Lab
10	Operating System Lab

Semester III

Sr. No.	Course Name
1	Python Programming
2	Software Engineering
3	Information Security Management
4	Enterprise Systems
5	Management Processes and Practices
6	Research Methodology
7	Python Programming Lab
8	User Experience Design Lab
9	Object Oriented Analysis and Design (OOAD) Lab
10	App Development Lab
11	Communication & Soft Skills
12	Mini project

Semester IV

Sr. No.	Course Name
1	Business Intelligence
2	Dot Net Programming
3	Software Testing
4	Business Analysis
5	Image Processing and Computer Vision
6	Elective I (Select any one)
	a) Digital Marketing
	b) Design and Analysis of Algorithm
	c) Ethical Hacking
	d) Entrepreneurship Management
	e) Trending Topics (CBGS – Choice Based)
7	Business Intelligence Lab
8	Dot Net Lab
9	Software Testing Lab
10	Image Processing and Computer Vision Lab

Semester V

Sr. No.	Course Name
1	R Programming
2	Cloud Computing and Internet of Things
3	Distributed Computing
4	Machine Learning
5	Big Data Analytics (Using Hadoop Framework)
6	Elective I (Select any one)
	a) Service Oriented Architecture
	b) Information Technology Infrastructure and Library
	c) E-CRM (Customer Resource Management)
	d) Data Visualization
7	Machine Learning Lab
8	Big Data Lab
9	Mini project

Semester VI

Sr. No.	Course Name
1	Project – II (Internship Project)
2	Research Paper

SICTIM

Annual Conference organised by Area – Data Science and Technology

The pre-conference Workshop on "Artificial Intelligence and Machine Learning for Business" was conducted by Mr. Bhagirath Kumar Lader Chief Manager (Business Information System), GAIL (India) Limited on 10th of January 2020. Total 4 sessions, 1.5 Hours each were conducted. The workshop was attended by total 40 participants.

Somaiya International Conference on Technology and Information Management (SICTIM) is an annual conference organised by Area –Data Science and Technology of K J Somaiya Institute of Management inviting students, researchers and practitioners from the field of Information Technology and Management. The conference every year aims at exchanging ideas, enhancing thought processes and capturing the views from designers and developers of technological solution as well as strategist, analysts and users of these solutions with a definite theme in mind.

This year, the 6th edition was successfully organised on Jan 11, 2020 with the theme **"Datanomics – Future of Business"**. There were 20 papers presented during the conference with two dedicated track. Total 4 track chairs, two in each track judged the paper presentations. In first track, the track chairs were Dr. Pooja Raundale (Professor & HOD-MCA – Sardar Patel Institute of Technology, Mumbai) and Dr. Govind Shinde (Professor – Finance – Babasaheb Gawde Institute of Management Studies, Mumbai) and in second track, the track chairs were Dr. Dhananjay Kalbande (Professor & Head, Computer Engineering, Sardar Patel Institute of Technology, Mumbai) and Ms. Saroja Gopal (Director, ATI, DAE, Mumbai.). All the papers were published in the conference proceedings, and can be later published in the special issue of "Inderscience" journal's special issue titled "Datanomics – The Future of Business".

Chief Guest, Mr. Nadir Bhalwani, Head - Information Technology & Business Process Reengineering, Radio Mirchi inaugurated the conference. Director – Dr Monica Khanna welcomed the gathering while Prof (Dr) D G Jha briefed the participants about the theme and the conference proceedings. Guest of honour, Mr. Neeraj Baveja, Associate Director, Accenture addressed the gathering followed by a question answer session. Dr Kirti Wankhede proposed the vote of thanks.

The opening ceremony was followed by paper presentations. The best paper from each of the tracks were awarded. The student, volunteers and participants with high-level of energy made the conference memorable.

ICON 2020

The Universe on the outside has always fascinated the human. On the basis of that MCA students of K J Somaiya Institute of Management have organized the Intercollegiate Fest ICON with 'Cosmic' theme.

Department of Data Science & Technology of K J Somaiya Institute of Management's ICON fest marked its 13th year. The fest was held on two days, January 23rd and 24th, 2020. ICON is organized every year, with replicas of the technology being used in various fields and how it can improve daily life in the future. Many colleges visited this fest because of the themes that surround young people like "Marvel and DC", "Cinema". The theme of this festival, which debuted in the thirteenth year, is 'Cosmicon'. Students here have created several replica models for reviewing technology from organizations such as NASA, ISRO.

Highlight of this year's 'ICON' was Hackathon organized by General Mills on January 20th. The competition showcased the skills of programming and time planning of students looking for a career in the technology field.

On Day 1 of ICON, 200 + students participated in these events from various colleges like VESIT, SPIT, KJSCE, etc. across Mumbai. Box Cricket followed by Rink Football, Table Tennis, Chess, Online games like FIFA, Counter-Strike boosted the enthusiasm of the students. Also, 'Presenticon' showcased the skills of communication of various participants, G.K. Quiz had really tested the knowledge of participants.

On Day 2 of ICON, Gallery was inaugurated with lots of new inventions and technology models were presented with the live projection. One of the models was 'Shantabai 2.0', which is a car-sized rover designed to explore the crater Gale on Mars as part of NASA's Mars Science Laboratory mission. Another model was Robotic arm, also known as ARM is a series of robotic arms that were used on the Space Shuttle orbiters to deploy, maneuver and capture payloads. Also there was a Object Recognition based model which is used to map the terrain of planets. The most popular Green screens were also replicated its charm which is used to experience the space in reality through VFX effects.

Students from The Somaiya School were also invited for the event to learn about technology and how it works. Students enjoyed a lot and learned how the actual working of the models happens. Students also enjoyed pre-buzz event in which wirebuzz game, snake and ladder games were present.

Chief guest Mr. Arijit Mukherjee (Head of Technology, General Mills India) inaugurated the valedictory function by lighting a lamp along with Prof. Dr. D G Jha, Prof. Dr. Kirti Wankhede and Prof. Sudarshan Sirsat. Mr. Arijit Mukherjee with his fellow associates felicitated winners of Hackathon in the presence of our alumni and students. Winners of ICON events and Icon team was also appreciated with certificates and mementos.

Batch Profile

The 2018-2021 Batch is the Thirteenth batch to pass out of K J Somaiya Institute of Management. The batch has students mostly with degrees such as B.Sc IT, BCA and B.Sc CS which are relevant to the requirement of Industry.

Placement Process

The last (sixth) semester involves a corporate internship project, which is mandatory as per University of Mumbai norms. Companies can select the students for either the project alone or project followed by confirmed job placements after the six-month Internship.

A 'Pre Placement Talk' (PPT) is expected to be delivered by the company to the students whereby job profiles, career growth path and compensation package is shared by the company. These PPT dates are fixed as per mutual convenience.

After the PPT, the company can conduct their own shortlisting process for the candidates. This is followed by selection process, usually including aptitude test/ technical test/ interview rounds.

K J Somaiya Institute of Management has a policy of one offer per student and students are blocked from further participation in the process. It is imperative that the company decides at the earliest about the selection of students so that the same students are not selected by more than one company during the time lag.
