SEEDING EXCELLENCE THROUGH EDUCATION

The new emerging buzz words in business are adaptability, agility, circular economy, flexibility, hybrid work formats, platform based business models, green ocean strategy, sustainability etc, with the base requirements being creativity, leadership and integrity at the workplace and ability to stretch oneself beyond the call of duty.

Management education being industry facing, has to keep pace with Industry 4.0 + and train graduates who can handle these challenges and add value to the organizations that they seek to join. Transformational leadership is the need of the hour for businesses facing disruptive forces, high competition and paradigm shifts in business models and regulatory norms.

At K J Somaiya Institute of Management, we are seized of these issues and provide academic inputs accordingly. The students at our Institute are young, energetic and enthusiastic with or without work experience, and have come through a rigorous selection process. The Institute is committed to develop professionally trained management graduates who are grounded in

the reality of their local conditions while having a global perspective and exposure to hands on practical aspects of business management. Experiential learning opportunities are provided that give the young students real time opportunity for analyzing, evaluating and contemplating on problems to come up with solutions as part of the curriculum delivery process.

While the subjects being taught may be similar around the world, the Institute faculty contextualize the management knowledge and its applications to the regional and cultural aspects - that enables the students to appreciate and resolve local challenges and opportunities. Formal mentoring, providing suitable platforms and seed money could convert some of these into entrepreneurial opportunities at our campus incubation center RIIDL.

I welcome you wholeheartedly to take part in our placement process and I'm sure you will get the talent that you are looking for among our students.

The Institute

K J Somaiya Institute of Management was established in 1981 as a part of Somaiya Vidyavihar with the objective of providing state of the art education in management and allied areas. The Institute is consistently ranked among top 20 Management Institutes and top 10 private B-schools in India. The Institute offers doctoral studies in Business Management, full time, part time, Masters in Business Management and Master of Computer Applications. Apart from the regular programmes, the Institute offers customized and subject/ industry specific certificate and executive development programmes for Government Bodies, Companies, Defence Personnel and NGOs. The Institute also undertakes research and consultancy for both public and private organizations.

The Institute has a large faculty base comprising of experts with rich academic and industry experience, many of them are also Ph.D. holders and authors of books. Few of them are regular visitors to foreign Universities for teaching. Also, faculty from foreign Universities visit the campus and share their perspective by conducting lectures and workshops.

Apart from academics, there is ample opportunity to pursue extracurricular activities. The campus has world class infrastructure for various indoor and outdoor sports. Various committees of students allow those interested to learn and participate in hobbies like music, photography and professional clubs to provide experiential learning platforms.

The Institute has excellent track record of final placements. Every year new companies are added to the pool of recruiters visiting the campus for recruitment. The profile and salary package is also one of the best offered in Industry.

K J Somaiya Institute of Management offers programmes for future managers of business and industry. It is also suitable for students who wish to start entrepreneurial activities.

MCA @ SIMSR

Master of Computer Applications (MCA) is a program under Somaiya Vidyavihar University and is recognised by the University Grants Commission (UGC). The school has been training future Information Technology professionals, since 2006. It has produced several merit rank holders at University and has been granted Autonomous status, since 2013. This two-years, six trimester program includes courses from technology, applications and techno-management areas that are in-line with the industry requirements. Apart from core course, students are provided with value-added courses and are encouraged to opt for on-line certificate courses offered through NPTEL. Keeping with the trends, school has organized several workshops and hackathon for the students to enhance their coding and other IT/business related skills. The school organizes three flagship events with the help of MCA students namely ICON, Round Table Conference in IT and SICTIM (Somaiya International Conference on Technology and Information Management). The conference helps the students present their research papers which is one of the components for completion of their degree requirement.

The Program aims at the following objectives

· Conceptual and analytical skills building leading to better understanding of the business environment.

· Provide knowledge to students to design a system which can meet the constraints of security, applicability and compatibility.

· Strong and repeated interaction with the Industry to understand the latest trends and developments in the IT industry.

· Motivate students to come up with the innovative solutions for solving the complex problems for betterment of the society.

K J Somaiya Institute of Management (K J SIM) conducts many events organized by different Companies as part of the placement process. Some of the events include Quiz Contest conducted by General Mills, Kakushin by Nomura, etc.

Campus Connect By General Mills Inc.:

The Quiz Contest was part of the Campus Connect program by General Mills. More than 200 students participated for the Quiz Contest from across 5 different institutes. It was a one day event. 5 Teams were selected for the final round.

Kakushin by Nomura Holdings Inc.:

Kakushin is an annual hackathon conducted by Nomura India. It is conducted during the placement season when the company sends invites to top colleges where any IT student can register and apply. It is a multiple round hackathon where the planning, management, technical, communication skills of students are tested as to how you tackle the real life problem with help of technology.

Students from MCA have won and been in top 3 ranks for both the years. It is a great opportunity to learn and apply your skills technically as well as innovatively where you could result in getting an internship or PPO in the company itself.

Hackathon
(Hackathon at SIMSR)

CSI Student Chapter at K J SIM along with SAP Next Gen Lab organized a HACKATHON on Machine Learning.

The purpose of this hackathon was to provide specialized information on machine Learning Using SAP to students.

Seminar on Block chain Technology

Preparation for Placements:

At K J Somaiya Institute of Management, we ensure that students are in line with the demands of the industry. The aim is to prepare them for participating in the campus placement processes and thereby enhancing their chances of selection. This helps the recruiting panels of companies to zoom in on to candidates, who are a near perfect fit for the job profiles on offer. While the Institute puts in a lot of emphasis on assignments, curriculum, pedagogy, CMCR office also encourages our students to develop their cognitive abilities through various skill enhancement activities. We strive hard to not only make them job-ready, but also to enable them to face the multifarious challenges that will confront them as they move out of the portals of this Institution. Overall, we follow an integrated approach for broadening the horizons of the students and make them worthy of the assignments they will take up in industry.

Grooming Standpoints:

• Honing student's business communications skills

• Ensuring that students are well versed with latest industry trends and topics

• Soft skill sessions and training for aptitude tests, mock GDs and PIs

• Personality grooming sessions

• Video-based feedback for encouraging critical thinking

• Exposure to the working of Start-Ups for igniting the Entrepreneurial ambitions

• An overall integrated approach to enhance the capability of the aspirants

• Alumni from different corporate entities/verticals are invited to mentor the students on resume building and placement preparation

Campus Engagement Activities

Guest Lectures, Webinars and Competitions - Connecting with students and sharing industry insights and knowledge through guest lectures by dignitaries from various organizations. Companies may even engage with students through B-plan and Case Study Contests and National-Level Competitions. In midst of the pandemic, the CMCR has introduced an online knowledge sharing series called "Evolve" through which industry stalwarts shared their insights.
Internships - Full-time Internships in the months of January to June for a period of six months to gain hands-on training and learning experience with the organization, in partial fulfillment of the requirement of the degree. Students also get an opportunity to receive a Pre Placement Offer on successful completion of their internships.

Live Projects – Live projects are the short-term assignments extended by companies to enhance industry exposure and employment abilities of the students. The duration of the live project may vary from two weeks to maximum two months. Students pursue these live projects under faculty mentorship.

Final Placements - Building a fruitful and win-win relationship through permanent employment with the organization.
