

Photography Club

K J Somaiya Institute of Management

Mission

The club assists its followers to grow and nurture their photography skills by providing a constructive platform where the institute's photographers are given significant exposure.

Vision

The club sees itself as a helping hand to the institute's committees and its budding photographers, helping them by coverage of events, storing photos and circulating them to the concerned people timely.

Roles & Responsibilities

- As part of Club's responsibilities, the Photography Club collaborates with other committees for covering events and also involves maintaining up-to-date knowledge of recent techniques in digital photography, as well as evaluating trends and adjusting accordingly to them.
- Role of the club, entails it in using various photographic equipment and software to capture and produce images for artistic, journalistic, or business reasons.
- Hence, the role of the club is to carry out various functions such as:
 - Operate digital cameras to capture images
 - Use specialized computer software to enhance and edit digital images
 - Direct and coordinate the activities between Club and other committees
 - Attach cameras to a range of photographic accessories such as filters, flash attachments, tripod stand and lenses (as required)

Activities

- The club carried out following activities the previous year:
 - A club-exclusive photography basics workshop
 - Coverage of numerous committees' events happened over the academic session 2019-20
 - Organisation of events like '**Shutter UP!**' and '**Photo Exhibit**' during the institute's annual fest, Melange
